JUST A NOTE TO ALL

The Indians have long believed that a child was born with two wolfs one good and one evil, and whichever one you feed the most is the one that stands for life. Which one will we feed the most? Or are we slipping and not feeding him or her enough to be good or has evil taken over before our eyes! I only tell you this because we have a human side and a spiritual side which one will we feed for the right live of faith, Love, understanding we need to make life good for us as God wants us to have A good life.

WE ARE BORN THEN WE DIE,
AND
IN BETWEEN WE GARDEN

When we received the Lord Jesus into our life, he is the Seed of life, and like a seed planted in the ground he is the seed of life planted in us, and like a seed we nurture it and cultivate it, and give it time to grow and do all we can to help it grow to produce fruit. This is the same way when we accept Jesus into our life, we nurture it cultivate it, and allow it time to grow. This is done on our part of the way we live, think and of things we do. We do our part and God will make it grow. God has given us everything we need to do it, and he is with us every step of the way!

Eph.3:16-21 2Peter 1:3-4

Trust God and let the root of Jesus grow deep in our soul, and like using insecticide to ward off the bugs that invade our garden, we use the armor of God to ward off the evil that invades our life's.

Eph.6:10-18

THE TRUTH OF OUR FAITH 1Tim3:16

Christ (God) was revealed in human form and (made pure, justified) by the Spirit, He was seen by angels and announced to the nations (opened the way for all people) He was believed in throughout the world and was taken to heaven

About My Belief

As a minister of Jesus Christ, and have pledged to work for the SPIRITUAL welfare of all People of all Nations Preaching and sharing the Gospel of the Bible and teaching of Jesus Christ our Brother and God our Father and as I walk through L.I.F.E. {Really means Living In Faith Ever} I have discovered that the modern day general Christianity lacks The true Spiritually needed to set the world to working in the lives of our Brothers and Sisters, the Bible teaches and {show that there was and is a more refreshing, honest, open, spiritual, loving, and exciting way to be a Christian, Over the voices of those called general Christianity, not only prevailed, but has continued ever since to define Christianity, foremost, as a belief system}, that our faith is free, open, and creative. One does not have to be told how to act, or what to believe. We have the ability to think for yourself and read the Bible as it also teaches

1Corinthians 2:14

But the natural man does not receive the things of the Spirit of God, for they are foolishness to him; neither can he know them, because they are spiritually discerned. Us that we should seek God through Jesus Christ our Brother {Jesus answered, "I am the way the truth and the life. No one comes to the Father except through me." John 14:6} it is very important for the good of our lives {L.I.F.E. Means: Living In Faith Ever}; we seek God in love, and belief. Paladin means the Twelve Knights to keep the faith and to protect the innocent as for {'the twelve disciples' to keep the Faith and protect the innocent} therefore isn't about accepting mine or anybody else beliefs except or Lords, but its purpose is to share an early and widespread style of Christian faith that can deepen, transform, and affirm the way many are indeed as true Christians today. Until the discovery of the other Gospels, the way to be Christian was simply "to believe." This Orthodox or Fundamentalist's interpretation of Christ made Christianity another religion-- to oppose others. "Believe in Christ or go to hell." "Believe literally in their chosen books as the only way to know God." "Obey the rule of their authoritarian church." In doing so, you would receive the gift of salvation. This was the message from the teacher's {of the day} to be a "believer," as it appears the way they're teaching Christians today. Throughout Jesus' and the Disciple's time they were ridiculed for denying "reality," {humanism} as being absolute. Now, there is a new story about their {Jesus and the Disciples} strong Spiritual Faith and belief in the real Jesus, the Gospels and writings can now speak for themselves, they raised questions, which have the potential to free Christianity for centuries of simple answers, and for many, unacceptable positions and beliefs, allowing all truth to be a part of the process of faith, to get the kind of spiritual Christian Jesus was teaching us to be and what we need in our L.I.F.E. {Living In Faith Ever}.

"Christ's Way Was A Spiritual Journey"

Yes ours can also be a Spiritual Journey if
We would just follow the teaching of the Bible,
And we too will be in the Spiritual L.I.F.E. {Living In Faith Ever}
And only then we will, begin to,

See the Invisible, Believe the Incredible, and Receive the Impossible Then and only Then will we be true SPIRITUAL CHRISTIANS

A Different Way To Be a true Spiritual Christian.

The true Christian is an asker, seeker, and finder of the one true God, and is open to the true knowledge, of faith, love, and understanding, and is not fixated on the past but does trust

totally in the "Living God." and only then will we begin to See the Invisible, Believe the Incredible,

and Receive the Impossible as is God's will.

Surviving This World

Surviving this World that has so much wrong, It makes me wonder if I even belong, I know I am just a pilgrim passing through, I would get to know Jesus if I were you, We live in a dread full and shameless society, Run by political fools and even though, not so quietly, God has left instructions for all to follow, Yes even the preached word sometimes seems hollow, It seems like even the spoken words are like grains of sand, As soon as it's spoken it seems to slips right through your hands, The People are lost and that is true, who will find them, Because the hands of leadership is run by the foolish, Wake up People for our LIFE is short and time is running out, Just look around you and you'll see there is no light. I know salvation is a choice and up to you, Look at the joy, loving, understanding and peace Jesus brings, Snuggled in the bosom of our Lord Jesus Christ, He ask you to come... for He knows we need Him, Because of his love He died for us, And you should know... in Him we must trust, So how will you survive, in a world that has so much wrong? The answer is acknowledge. Jesus, repent and be baptized, The choice is easy to follow the guide He has provided, It is said that true prayer changes every things, It is what we need in a world of sin, Jesus did not teach us there would not be any storms, Yes He promised safe passage for us, Since the day we were born, Watch yourself as the devil will always come back, He hates losing the fight and that is a fact, And now you know to read the Bible, follow His example, Don't turn around... because I'm talking to you, Get right my world family before it's too late, Now you know how to survive, in a world that has so much wrong, Jesus gave this advice for all to get alone, To help us survive in this world that has so much wrong, Jesus knows we have that in us, Yes He still loved us enough to give His LIFE for us, So People wake up and follow Jesus, And help save some one before you leave this LIFE, Because we know this earth is not really our home, Were just passing through and one day we'll be gone, As the Bible says, "One is taken and one is left behind", My Brothers and Sisters let us put on our armor of God, Now prepare to fight the good fight for all People of all Nations, With Jesus side by side with us, we will always win AMEN!! Remember that God gave us LIFE to "Live In Faith Ever" with Him.

To All The Nurse's of the world

It was a game you all played as a child, Then some of us made it a dream worthwhile, More to learn, not as much time to share, Because in our hearts we really cared, You have worked the late night hours, While others slept away, Handles a doctor's many moods, Then found time to pray, Critical moments that remain as memories, Some sad - then some are good, Then there are the tragedies, That will never be understood, You see a newborn baby smile, As you watch another slip away, And that completes the circle, The price for life's that paid, Sometimes not appreciated, When just a hug will do, You are proud of your profession, A hug from me to you, God has surely blessed you with the gift, Of love almighty for all,

Let Your Life Go To The One Who Knows

There's a reason for the life we live,
And there's a purpose why I know we are here,
As I know we have been yearning for a better life,
And the love you've been saving,
So Lord, won't you come to us were asking?

You're telling us call on you and you will come, We don't want to let our love go any where else, were telling you Lord come on in were waiting, We really are getting the love and happiness,

We made a plea and You were there as you said, And it's an exceptence that we'd love to explore, Because we've been tasting the wrong way of life, And the love we've been wasting,

Let your Life go to the one who knows, Let your Life go like a bird on its wings, Let your Life shine like the sun in the sky, Let your Life flow like a mountain stream, Let your Life show what He means to be with you.

In Our LIFE

There are undefined moments of our life,.

There are monumental moments of joy in our life.

There are times we can't even believe,

As things that have been done and we have seen,

We're on a in the woods once again,
If we resist along the way then we get lost,
God whisper in our ears,
His words mingle through our tears.
Yes suddenly life is more precious.

Christ is with us every step of the way,
He will never leave us for any reason,
So call on Jesus,
He will come and help you,
always be there with you always.

I Come Before You With These Words

Come all you children Day is braking, how all the birds are singing, Glory to the Lord; His peace on earth, and mercy He has, God has blessed us with His love Joyful we rise and great our Lord, Join the birds in the sky; The Universal nature says, We are born a new each and every day, Christ is with us always, Christ, the everlasting Lord: As He comes upon our call of help, Always keeps us on the right path, Veil'd in flesh, to God we see, Hail to our Lord Jesus of Deity, Please oh Lord bless our friends, Jesus, our savory for you we do, Hail, the heavenly Prince of Peace, Hail, the Son of Righteousness! Light and life to all he brings, Risen with healing in his wings. Mild we lays our glory to Him, Born that man to die no more; Born to raise the sons of earth; Born to give them a second birth. Come all you children of the world, come to Jesus the one who knows, Fix in our hearts the humble home: Rise, the worlds conquering seed, Oh Lord we need your saving power, Our souls need to be restored in thy ways; Now in Spiritual union we join you Lord for ever, Yours to ours, and ours to You Lord. Jesus' likeness, Oh God, efface, Stamp His image in our hearts. Send our Lord from above to guide us, Reinstate us oh Lord in Your love. Let us be the one though lost, regain, Jesus is the life, the inner guide: Oh, to all the world He comes to save, With His love in each believing heart.

My Own Heaven

As I sit here on the beach for a while.

I dig my feet into the sand.

As I listen to the waves crashing on the shore.
I know I have a little and then I yearn for more.
I love to feel the sun upon my face.
I would travel to new exotic places.
I have always appreciated the things I have,
Even though it's not a lot.
I love to feel the wind flow through my hair.
I believe it is heaven as if and I am there.
Because I love you, and you are there in my heart.
As there is no other place I would rather be.
In my own heaven right here where I live.
Thank You Jesus for being there for me,
AMEN!!

"A Father And His Family"

They always took the chance and climb upon his knee,
To listen to the many tales of life He wanted Them to see,
He'd take them sailing through the skies and talk of things He did,
To day is another day of a Father and His family,

His world had gone from gathering His family,
He always feared that there free chouse would be there down fall,
He know they would grow older and would understand,
That's when they came to understand the course of there heart,

They all came to Him in deep prayer with words of help us Father,
As they cried, He answered and was so proud to love His family so rare,
He's always here for them and will never leave and that's where He wants be,
With His hand in our He guides us through this life,

God is here for all He forgives all our sins and exceptes us for us, He always loves us and looks out for us and helps us to understand, He teaches us to love, care and understand our brothers and sisters, And leads us to the life He has planed for us as we are His family.

Because of You Lord

Because you are with me always, my life is enriched in so many ways. Like a cool breeze on a summers day, like a ray of sunshine parting a cloudy day, you lift me up, when I'm down, In good times, we soar, like a weightless balloon I see you there, over beautiful rainbows I soar. In bad times, you are soothing and calm me, For my pummeled soul. I learn so much from you, You help me seeing old ways into new ways. I wonder if all People are aware, Of the bright seeds you are sowing in me. I'm a better person for knowing you, so that everyone I every one I meet, iIs touched by your good effect on me. You relax me, refresh me, renew me. Your bounteous heart envelops me, In joy, love, understanding and peace. My dear Brothers and Sister may your life be filled, With the same love and blessings, Just as I am blessed because your my Lord.

Forgive us Father

He was despised and rejected by men, A man of love, forgiveness and understanding, As the man that men hide their faces and contempt, As men esteemed Him not. Sure we may miss our grief, As we carried our own sorrows. Yet we esteemed Him stricken, smitten of God and afflicted. But He was brought for our transgressions. He was crushed for our iniquities. God was upon Him was the punishment, That brought man peace, With his wounds we are healed, Whatever you think His sheep have gone astray. He turned to each one to His children, As the God laid upon Him the iniquity of us all, Man the oppressed, as we are the injured, As He did open his mouth, "Forgive them Father for they no not what they do?" Like a lamb led to slaughter, Han has now found themselves wanting, For there lives to be truly free, Man has a need to be Christ like, To be loving, caring, and understanding, Truly and completely, connected to God.

A Pure Delight

It's such a pleasure and a joy
To have a friend like you Jesus.
You always care, you're always there,
You say the right things,
You always help me through my problems,

You make me smile when I am down,
You're just a pure delight.
You talk to me as a teacher about everything;
You make my life so bright!

I hope that I am giving you,
The same joy and happiness that you give me,
Because you mean so much to me,
More than I can ever tell!
Thank you Jesus for being my Friend,
And helping me through my LIFE.

And in between is ours to learn,

"Are We Ready To Fly"

As I open my eyes I see the world looks to be a different place, I see The colors are much brighter and the air is so much sweeter. It's like I woke up from the sweetest dream that any one ever had, I was smothered and trapped inside a sleep I do not understand,

Maybe its time I learned to fly,
Just say the word and I am off.
To feel the breeze and sunlight on my face,
Just maybe that means...

I'm ready to fly,
I wanna breathe that sweet air and be who You want,
Let go of your fears and feel the true LIFE,
Are you truly ready to fly,
The more that you hold back the more your not free,
Jesus helped my heart decide..
Yes I am ready to fly to you Lord.

Where is our faith, where is our love for each other?
Why do we fight the things we imagine in our lives?
You know satin's poison is strong, his addiction is tough to break.
Yes Jesus' love is the easyest thing I have ever had to take.

It's time to break our chains, To look Jesus in the eye, To tell satin that its over now, Maybe that means...

I'm ready to fly,
I wanna breathe that sweet air and be who You want,
Let go of your fears and feel the true LIFE,
Are you truly ready to fly,

Jesus gives us the strength to walk away,
Jesus give us the strength to stay on the road ahead,
Even though it may be a lonely place.
Jesus give us the love to mend this heart of our,
Jesus give us the chance to see loves smile,

And for us to smile again, To truly see love smile for ever..

You Walk In Beauty

You walk in beauty, like the night
Of cloudless and starry skies;
You are all that's best of dark and bright
We meet in the loving her eyes:
Thus mellow to that tender light
Which heaven so gladly grants me.

One light more, one less dark,
You have impaired the nameless grace
A soft breez which waves in every tree,
So softly lightens your face;
Where thoughts serenely sweet express
How pure, how dear their dwelling place.

Yes on your cheek a kiss, and on your brow So soft, so calm, yet eloquent, The smiles that wins, My heart that glow, We speak of days in goodness spent, A mind at peace with all before us, And a heart whose love is innocent!

Thy Way Lord

I remember the time when we first met, I felt so lost, torn apart, worn out, and betrayed. I need so much, Lord Jesus, to start my life all over at the begin. Cause I was looking all around for aprovel in my life,. Then all at one you came to me, then it all became clear to me,. I transformed was and no longer the person I once was. And instead you made me a vessel of hope. To witness to others so they may be healed, delivered, and restored. The young man who had witnessed much of angers attack on the front line. Who took a hit or two, from spirits of the evils spirit. Was placed, Jesus, in the middle of a ruin life, Strategically, that I would be an over comer. Who would tell his story to those who are lost, and may be found. That those who have not the strength to fight will be able with you. Would through the testimony I give them, that some day turn their lives around. That we may find peace, sanctuary, and shelter; in submitting our lives to you our Lord Jesus Christ.

To God Be All The Glory Always And For Ever

AMEN

Yes Lord I Found You

I have walked on LIFE's paths, I have run in the fields of wheat, Only to find what I have been looking for, Yes Lord your the one I found, I could feel the healing power of Your hands, It's as cool as spring of water, My heart filled with Your healing power, I have spoke to Your angels,' I have held Your hands Lord, It is warm to my LIFE, Yes Lord I have found You, That is what I was looking for, I believe in the Kingdom of God, Then all the souls will be blessed into one, Blessed into to You Lord, Yes, I am still running for You Lord, You broke my bonds Lord, As you loosed my chains Lord, Yes Lord You carry my sins, Yes Lord I have found You, You are the one I was looking for all along.

My LIFE Has Often Been Solace

My LIFE Has Often Been Solace With the clouds as pillows moving silently Throughout Heavens velveteen sky With angels bright white gowns As I can see to the heavens Where old country church bells ring As the angels sing in harmoniously My LIFE has often been solace With honey colored shadows With a poring sunlight of zest Across the the heavens to my heart I see your face looking at me Which inspires my soul write your words Your voice is like a soft wind carrying it to me Your words I write reach to all distant lands These eyes have often been solaced by your return As You fill this vacant spot in my heart with Love With the most wonderful whisper of Your voice As You embrace my heart with Your Love As You show me the way You love me As you show me the way I need You As You guide the way I live my LIFE Like the most wonderful fire in LIFE As You teach me I learn and pass it on to them all

"In·cred·i·ble "

On this lonely road remains a mystery.

This sudden darkness fills the air.

Where are we waiting to?

Won't anybody help us?

What are we waiting for?

We can't afford to be innocent

We have to stand up and face our enemy.

It's a do or die situation - we will be lost forever.

Our shattered life we cannot justify.

We're going to pray until we're saved from this evil.

What are we running from? We've got Jesus in to help us.

Jesus is incredible, wonderful, loving, forgiving and understanding,

Just come to Him and you will see

Lord Show Me How I May See

As I take a long soar in the heavens,
As the eagles fly so high,
I bow my head thanking You Lord,
For the gift You have given me to day,
And I start to cry for those whom are not,

In the way of your love and presences,
From the Heavens to the people,
I began to realize how many really need You,
What healing You can do if they would just surender,

It mean's not to forget but always remember, Let the past flow by to live to day, Of all the horrors I could receive, My soul to You Lord.

To take the strengths You give to me,
As I apply them to my life,
Thats a valuable lesson to shear with them all,
I have learned of the flight.

I will never be alone in the sunset,
I will watch it go down with You by my side,
I have finally realize You are there with,
What a wonderful peace I have yo be with You Lord.

"A Light In Our LIFE"

Hello Children come with me,
Though I never knew any of you at all,
You had the grace to hold yourself,
While those around you were lost,
They came from all walks of LIFE,
As I whispered into your Heart,
I will set you on the right path,
Yes they will try to change your mind,

Yes I see that you've lived your life,
To the best of how you could,
Always knowing you could come to me,
When the storm came in,
I would have liked to have known you better,
As you were all just Children learning,
Your Light have burned down long before,
You ever did,

Loneliness is always tough,
Yes this is the toughest LIFE you'll ever live,
Satan creates evil ones,
Yes the pain was the price you paid,
Yes even when you die,
Yes my presents is still with you,
All the prayers you have to ask me,
Was that you want Me to give you,

I have forgiven you,
My children of this world,
Now all you have to do is follow Me,
More than just a little,
As I have always said LIFE is,

"Look out People"

Crying in our room, waiting for something, We swear we'd would never, wait for it again, He gave you his word..but his words are just lies,

Satan in our wildest dreams, we never thought we'd go, But it's time to let you know....oh...People look out for, Look out People for Satan will do you wrong,

Satan is going to harden your heart,
He'll make you swallow your tears,
He'll turn his back on you...and...leave you standing alone.....

All of our life we've been waiting in this loneliness, We've been waiting for a feeling...as it never, will came, It feels so close, and always disappears....

Satan, in our wildest thoughts, We never had a clue...

But it's time you got the news.....ooo....

Look out People for Satan will do you wrong,

Satan is going to harden my heart,
He'll make us swallow our tears,
He'll turn his back on you...and...leave you standing alone.....

Jesus Is everywhere

Jesus is in our Hearts and everywhere just I look around,
Jesus is in every sight and every sound just listen,
And I know I m not being foolish,
I know I am telling you what I see,
As He is someone I must believe in,
And it's there when I look at all the Children,
Jesus is there you can hear His whisper in the wind,
Jesus is all around as you can see it in the thunder of the sea,
And I know I I'm just dreaming,
I know I feel safe,
As he's someone I must believe in,
And He's always there when I call out His name.,
Jesus in always there in the rising of the sun,
Jesus is always there when the day is nearly done,
And I know He is no illusion,

And I know He is, and I see truth, Yes He is someone that we all must believe in, As He will always be there when you call out His name,

Our Garden

Jesus teaches us that our mind and heart are a garden
In the teachings we find the our thoughts and feelings are the seeds
As we learn from Jesus to plant the seeds of life and nurture and care for
Jesus teaches us the we can grow a garden of Flowers with love, understanding
Or we can grows weeds of contempt, misleading, lies, nothingness
so as Jesus tells us it is our choice to follow Him or be with satin
Life is tough enough so why make it harder for your self
Step up and be counted among the one in Christ
Come Join the Christ revelation
And See the Invisible
Believe the Incredible
and Receive the Impossible

CHILDREN

Here comes Jesus into your Heart shearing his words
Hay Children you have to listen to What He Says
Here comes Satan saying he's Got our Children
Down in the tunnels, trying to make them pay
Jesus has the action and He has the notion
To save us all from our sins and our self
Jesus has the dedication and devotion
Turning all our nights into sunny days

Jesus tells us the story of the rich man
And Lazarus as the way they went
How the rich man called to Abraham
Across the chasm wanting to know
And that no one could cross over to the other
Jesus does the walk, He does the true walk of life

Here comes Jesus as He tells you the story
Yes Jesus is the one with the power and the glory
Back talking about loving our brothers and sisters
Jesus has the action, He has the notion
To save us from our sins and our self
Jesus has the dedication and devotion
Turning all our nights into sunny days

As Satan is all about the violence and double talk
There's just nothing but the trouble and the strife
So lets live Christ like and shear the love and word for LIFE
Living In Faith Ever
AMEN!!

Our Love for God and Each Other

"Love for God alone can unite us with each other,
 As to complete and fulfill ourselves,
As it alone joins us together as it joins us to God,
 From that which is deepest in themselves,
As God fulfills us and we complete each other,
 as brothers and sisters in Christ,
 As Paul tells us in Romans that,
We are all just a tiny spec of the whole Christ.

I Was There

Looking back upon my life's journey, And the places that I've been and seen, Pictures and faces, all life has to offer,

As I try to remember where and when, I have Faded memories within my mine, Names I have forgotten but faces I remember, Each and every one is a wonderful memory,

I find myself look into my life's journey, At all the wonderful things I've learned, As I would like to have it last, Because I was there,

Looking back on what I have seen,
I have a lot more life to live,
Many times in my life I've felt overwhelmed,

And I do not let it get me down, Nor to cause me too much sadness, As there's no doubt as to who I am, I will always have tomorrow,

As I would like to have it last, Because I was there.

God Reaches Us

God you reach us from on high Across the Heavens and stars,
As we sit in our home in the world,
AS we are lost in tranquility,
As our soul tries to breath.

Clouds moving slowly across the skies, The breeze is calm steady as your voice, Were caught in a the moment of time, As our hearts starts to heal we feel.

A piece for us is being prepared,
Were in the startling blue sky with you,
As we spread our wings we sour so high,
Our soul starts to fly to you Lord.

We fly to a very well know place, Where pain and hurt never dwell, As our memories flow pass us, Our eyes start to swell with tears.

Tears start to come drip slowly,
Down the cheeks of our face,
As move in on breeze wipes them dry,
As you give us peace you promised.

Were soaring so free, over water and land, Our Spirit Guided gently, as you takes us by our hand. The Lord shows us what was, what's meant to be,

Why our life Is so important to all we see. Thank you Lord for this in lighting journey, To our true purpose in this LIFE.

He Gave His LIFE

My tired old eyes lit up bright. A thankful tear, I could not hide. A sweet sences of peace fills my heart; because He gave His LIFE for us.

Living at home with my wife; having only a few family left, He is. Today, with a smile, on his face with a glow; because He gave His LIFE for us.

He brings him often to his knees.

Today, one extra for his brother and sister.

Talking, on to the Lord he goes on;

because He gave His LIFE for us.

He asked his wife to read a verse. By his chair the gift he placed. Happy and peaceful then he dozes; because He gave His LIFE for us.

His final breath tonight was peaceful.
His family misses him, but to meet again.
His last day was joyful, all of heaven now knows;
because He gave His LIFE for us.

A Simple Prayer

Lord please give my treasured friends and family,
The Love and blessings I have received without end.
Bring complete contentment in their lives,
Comfort them in times of trouble and strife.

Always keep them safe from harm and secure in your arms,
Let their path always be completely sure.
Lord, I pray my friends and family will always be
Closer to you and eternally.
I pray this in Jesus name
AMEN!!

From My Heart Lord

A million stars up in the sky one shines brighter
I can not deny A love so precious an so true
A love that comes from me to you
That make the angels sing when you are around
Within your arms I know I have nothing to fear
You always know just how I feel each and every day
Every time we talk you are always making my day
I'll love you Lord with all of my heart till the time we meat
together forever and never to part.

We Needed you and You were there

We cried the tears You wipe them away, We were confused and You cleared our hearts, We were afraid and You came right back for us, You held us up and gave us strength, You showed us how You love us, You gave us strength to stand against evil, To face the world in our LIFE with You, You put us up in the light from the dark, So high that we could almost see eternity, You showed us why we need You, We can not believe it's really You, We can not believe it's really true, We needed you and you were always there, We will never leave You Lord, Because we finally found the One who really cares, You help us when were wary, When we are lost You protect us, You gave us hope when we were at the end, You turned our lives back into truth again, You even call us brother and sister, We needed You and You were there, Thank you Lord for being there, We are now there for You, **AMFN!!**

Greed

Yes we were born with out possession, the love received was from God and our parents, no worries, no fears, no troubles and no fuss. Yes in our mother's arms we put our total trust.

But as some got older, they looked and wanted more, Then found themselves all too enslaved to money. The more they received, the more they needed. Their quest for more became their LIFE.

Their thirst for our need for more was unable to meat.
The more we grasped, the tighter we held on to it.
They con and scham everybody and gathered to hoard,
possessions became their master and lord.

And when their old with their treasures all together,
This is a sad example of what greed has to their lives.
Their need for it still clenched in the bottom of their heart,
Yes at their death they realize it was wrong to be greedy.
To con and scham everybody out of the their money.
So they would have nothing and you with it all.

God Forgive you for your greed hurting your brothers, sisters all in the name of GREED.

I Will

If a kiss were a drop of water,
I will send you a shower,
If a huge were a second,
I will send you an hour,
If a smile were the sun,
I will capture it for you,
If you ever need love,
I will be there for you,
Always and forever...

With God I Have Everything

Every day I can see a new beginning, better tomorrow, As I have all reasons for living with a deeper love of LIFE, Yes God has blessed me with many good friends. Yes all I have been through in this LIFE, With God's help, I have overcome my adversities. God is the only LIFE I know, He has been my guiding light at my darkest times. He has pulled me from Adversities more times than I can count. I'm surrounded by the comfort and protection of power on high. I love you Lord, just praise your name, Lord Almighty. You are my strength and my song. You walk with me in this LIFE's journey that seems so long, Yes with you by my side, surely all the days of my LIFE. I believe goodness and love will follow me all the days of my LIFE, I thank you Lord and I love you Lord forever more. AMEN!!

God's Hand

Looking at a wishful dream, By Your side a wonderful stream, Under Your feet the clouds are fluffy clean, No longer to earth are we their. The air is so sweet and clear. All the animals go every where. Soft grass to place our feet. You take our hand and guide us their. Out here, there is all peace. Out here, there is no violence. Out here, the sun is worm and bright. Our here there is all amounts of stars. We take it all in, cause it's Heavens stride, There's never a reason for us to hide. This is where we have reached the inside, You have spread our wings; feel us glide. our life is Yours, not theirs to take. Light of fire to our way, home. Always love the Lord God make no misstate, Never take your eyes off of God. Always live without regret. Don't give up, never surrender. Know the future isn't set. Appreciate what you have not whats you can get. I know that LIFE is not fair, but that is just here. There's some you cannot climb at all-With out you Lord I can do nothing at all, Out in the open is satin's evil, As our lives come and go, You'll see the stream begin to grow. Filled by our whole life as we go, Carried in the winds that blow. Listen to the song it sings-Love and peace to You it brings. Sharing all the things even the little things, Smoothing over rocks and hills. That what living's all about. Never fill it up with doubt. Look real close to find this out-Always seeking God's own route. As you will see, my oldest friend, This earthly life, it has to end. There's always more beyond life ways, God's hand, is there, to lead us.

Heaven In My Heart

I have Heaven in my Heart
Can't you see the sunshine?
Can't you just feel the moonshine?
Yes Jesus is a true friend of mine
He hit me inside my Heart
That's why I have Heaven in my Heart

Jesus love shines like a silver sun
You got to see how it shines
You can always when the morning come
I always have silver tears each and every time
I'm crying now ism''t it silly
Cause I have Heaven in my Heart

There is no doubt in my mind
That love's the finest thing around
Teach your wonderful words to me
Hey People can't you see the love in my hert
Aren't we all going to die some day
Gone to Heaven in my Heart

Dark and silent is this night,
I think I might have heard the Angels calling
With geese in flight and dogs are barking
The signs that might be my way to go
I'm gone to Heaven when I leave this LIFE

With a holy host of Jesus standing beside me
And I'm standing in in the soft sun light at Heavens gate
It seems like it goes on this way forever
You must forgive me, cause it's my time to gone
To Heaven in my heart, When I leave this LIFE

Where The Peaceful Light Flows

When clouds break away the stream of light comes down, As you dance upon the earth it continues to bring you to me, As our place of origin is in Your sands of time,

Comes the newborn children of God" baptised of water.

A whole new generation moves through the night, they whispers upon the ears of there brothers, sisters
The ripples of their words shivery move through the body

As the sun light glistens on the glass.

As they listen to the words they glimpse upon God, The Lords' presence is in us and all around us. As He summons us to go forth to shear His message Where the peaceful light flows to all people.

As the rainbow across the sky is a promise so displayed,
The graceful flight of a butterfly it takes my breath away, .
The autumn leaves in their splendor fall gracefully to the earth,
As the stars sing their song every night we see Your face among them,

And you listen to our prayers as Your presence is all around,
As He summons us to go forth to shear His message,
Where the peaceful light flows to all people.

Loving You Lord

You can see the pain through my eyes, From the hurt that's in your heart, As You would really love to fix it, As I don't know where to start. Every time I let You in a little, I shut You right back out, As it makes me wonder why, I am so scared to keep You in, "I am a believer in you Lord, That is what I'm about!!!" I'll say I love you Lord, I will shout it from the mountian tops, If that's what it takes for me to know, For me to acknowledge it in my heart. I will never hurt again for, As it is here on paper with pen, Yes if I look at the bottom, These feelings hitting on this paper, I will place my signature at the end, You know I love you Lord, Even after all this time. I'm afraid cause when I'm always with You, My heart is no longer mine. So here it is Lord I'm giving my heart and LIFE to You. I am waving my white flag in the sky. I'm giving you my everything, I will no longer wonder why. I loved you then, I love you now, Somehow I know I always will. So for me please take your time, and mold me in thy ways Lord.

"I See The World with the Eyes Of Children"

I see the world,
with the eyes of children,
What a wonderful world this is for us,
There is no trouble nor fighting,
Just a wonderfully happy,
life we would have,
With Jesus in our hearts.

I see right, not wrong,
I see good, not bad,
I see all the good things,
In life we've never had,
I can see the world,
With the eyes of children,
What a wonderfully happy,
life we would have,
With Jesus in our hearts.

I see the world,
With the eyes of children,
Smiling faces are greeting me all the time,
Like a beautiful work of art,
you would warm my weary heart,
As see with the eyes of children,
With Jesus in our hearts.

Let Jesus' Love Open The Door To Your Heart

When you keep repeating,
That you'll never find true love,
When everybody keeps returning,
But you can't seem to get what you need,
Let Jesus' love open the door,
To your heart.

When everything feels all wrong,
As everybody seems unkind,
Jesus will give you the freedom you need,
He'll take all your worries out of your mind,
Let Jesus' love open the door,
To your heart.

He has the only truth to your heart
He can help in all things,
Try today you'll find this the true way,
Come on and give Jesus a chance to say,
Let Jesus' love open the door,
And ask Him in to your heart.

Release yourself from the misery,
Jesus will truly set you free,
When tragedy comes and befalls you,
Don't let anything drag you down,
Jesus can help you through problems.

We're so blessed that Jesus is all around,
Jesus is knocking at of your heart.
Open the door to your heart,
And invite Him in to day.

Keys of Time

The leaves have started falling, My time is passing on, The People have landed, Out of the past. We have the urge and the words to say, The secrets He's guarding are give away, If only He wasn't holding it so tightly, Keys of Time as He is with us always, His People should love to speak of His wonders, And if the People would say the words, Yes the only words He has tought us, We'll ever need to hear any other words, Then all of our yesterdays and todays would be saved, With all our tomorrows in sight with Him by our side, With all our memories of Him together would never disappear. How would anyone not like that, I do wonder? For the Lord is with us always and for ever.

Our Path in LIFE

May the Lord be with us on every path you roam,
May the Lord bring sunshine and happiness to surround us,
When ever we are far from home,
May we be faithful and true with whom we meat,

As we do unto others as we would have them do to us, May the Lord give us courageous and guide us on our path, And in His heart we will always remain,

May the Lord be with us with His light to help our path,
May the Lord build a stairway to heaven,
When we reach the end of LIFE's path,
And may we never live a LIFE in vain,
And in His heart we will always remain,
And when we finally fly away,
we will be praying that we served Him well,
As all the wisdom that God gives us no one could never tell,
But whatever path we choose, He'll be right behind to help us,

To The Glory of God

RISE AND SHINE for JESUS... For we are Crucified to the cross... And saved by His resurrection... Where He give His LIFE... Then He was raised from death... On the third day the angel came... The huge rock rolled away... An angel who told them... Where the LORD lay no more... For they saw an empty tomb... He was raised from the dead... As the prophets had for told... As JESUS had said... It was all as was written... The scriptures were fulfilled... Jesus was raised from the dead... As his father told of it... He met once again the disciples... With the faithful twelve... After blessing them all... He ascended to heaven... He sits now His thrown... His physiognomy does shine... He died for us all... For your sins and mine...

"Heaven"

Most wonderful place I've ever seen angels there won't treat you mean In Heaven, our Heaven.

I sit outside most every night
Watch your train pull in, and out of sight
Don't I dream it was carrying me
To Heaven, our Heaven.

Crowded world, their never free Nothing in this old world for me Pray to the Lord that I could be In Heaven, our Heaven.

Because Of You Jesus

Jesus, you picked us up when we were struggling to get through. Jesus, you healed our hearts when they were thrown and shattered. Jesus, you gave us hope when it seemed so far out of reach. Jesus, you filled us with peace when satin tried to get our lives. Jesus, you lead us in light when there was nothing but darkness. Jesus, you gave us comfort when our voices cried out in pain. Jesus, you reassure us when our doubts scream in our heads. Jesus, you keep us going when it seems there's no place to go. Jesus, you sustain us with strength where weakness seems all we knew. Jesus, you came and stayed when everyone else turned away and left. Jesus, you give us a purpose when our life seemed so pointless. Jesus, you restored our happiness when our lives seem to take it away. Jesus, you filled our emptiness when the void echoed with nothingness. Jesus, you helped us let it all go when we gripped it the tightest to hold on. Jesus, you showed us the true beauty of life when the world showed us nothing but hate.

Jesus, you gave us a new life when the old one tried to come back.

Jesus, I am nothing without you, nothing but a lost human.

Jesus, only You could tear down our wall of pride.

Jesus, you build it back with love and humbleness.

Jesus, in all this, we give You our life Lord.

Jesus, we will put all our fears and failures in Your hands,

Jesus, the worries that consume us, the pain that destroys us.

Jesus, You were always there, even when we did not listen to You.

Jesus, in all You are, our life, oh God, is Yours.

O Lord I Pray To You

O Lord hasten the hour! Send down from Heaven, Send the Spirit of Power, Of Health, of Love, Of Filial Fear, Of Knowledge of Grace, Of Wisdom of prayer, Of of praise;

The Spirit of Faith, Of Faith in of Your Blood, Which saves us from evil, brings us to You, Removes the huge mountain Of dwelling sin, You open the fountain That washes us clean.

Come, Children, to our gospel feast, Let every child of God be Jesus's guest; There should not be even one left behind, As God has bidden all His children come...

Sent by the Lord, on you He calls, As this invitation is to ALL His children: Come, all the world; come all children, All things in Christ are ready now.

Come, all children, who are oppressed, All the restless wanderers come to Christ, The Poor, the Maimed, Halt, and Blind, In Christ a hearty welcome you will find.

Come, and join the gospels and the Feast; Be saved from sin; in Jesus you shall rest; Oh come bask in the goodness of your God, Shear in the communion of our Lord Jesus!

You vagrant children, on you He calls; (Oh that His voice could reach you all!) Yes children may all now be justified, His children live, as Christ died for us all.

The message is from God to His children, You all should come to Christ, and live; Oh let His love in your hearts for ever, As LIFE is Live In Faith Ever in Christ!

God Watches Over Us

On the nest sits a bird too afraid to fly.

Beautiful wings could help it soar,
but the pain of past failures make the lonesome cry.

God said to this bird,
"Trust" and have "Faith" in Me,
for I will carry you into the Blue and Clouds.
The miracle of flight is waiting just for you to see."

The bird replied, "But God I can't fly as I am weak. I will fall as It's happened before when I tried to fly.

I'm afraid of being hurt again.

God's voice is soft and reassuring, God said to the bird, I created you, I will protect you, your lonesome cry I have heard. Have faith in Me and you will fly high in the sky.

So, up little bird, spread your wings and fly like an eagle.
With the wings I lovingly created for you to fly.
If you fall I'll pick you up, lift you back into the sky."

Yes with trembling legs, unsure wings the bird finally looked to the sky. It took a deep breath, took a chance, as the bird began to fly. Found himself way up in the blue sky as told by God.

"So thank you, God, for believing in me.
Thank you for giving me wings.
Thank you for your protecting hands.
Your glory I will now sing."

God Gives Us Wisdom In Small Doses

Sad is the People of the lost hope LIFE is often a long drive nowhere Golden is the song joy brings Deep is love that truly lives Dark are troubles that they ware Lost are hopes never to see Young is the ones of youth God is the stand of truth They rarely ever yields fruit Some are waiting for there fate Death is the heart that hates Sadness never ever repairs The heart that hats or judges As they seek to stop their time They think their LIFE can turn on a dime Surrender to Jesus and win Lies often destroys friends and Family God helps us mend and live again.

This Tiny LIFE Of Mine

It is only a tiny LIFE, A LIFE of God's design; I cannot unfold this LIFE, With my own ways. The secret of unfolding LIFE, Is not known to a person as I. GOD opens this LIFE so wonderfully, But in my hands it fades and dies. If I cannot see in my LIFE, The love that God has for me, Then how can I think I have the wisdom, To unfold this life of mine, So I'll trust in Him for He guides me, Each moment of every day. I will look to Him for where to go, Each step of my pilgrims way. The path that lies before me, Only my Heavenly Father knows. I'll trust Him to unfold each moment, Just as He unfolds the flowers,

God's Children

We live in a human world and He lives in His now isn't it a shame, with all you can have and do with Him you chose to live in the world, Two worlds exist that will not be the same, Walking together hand in hand through the rain, In God's land where everything is planned for tomorrow, we have His love, we have His heart, we have Him guiding us, it's never too late to turn away form your LIFE to start again, In stead of running through the rain looking for nothing, In God's land where everything is planned for tomorrow, How happy we would be if only we were truly God's children, Why can't we be more like God's children,

A Thought for our LIFE

I would say a good,
LIFE is when we,
Assume Nothing,
Do More,
Need Less,
Smile Often,
Dream Big,
Laugh A lot,
Realize how Blessed,
We really are,
For God is with,
Us Always.

"Tell Jesus About It"

Listen people to me today

I Do not want you to loss a good thing

Do not let it get away

You know that God is watching Anybody make the some mistakes I have made them

He is the real deal for LIFE And he's always there for you He will not tell you what you should do He just wants to help you

Listen people to me today
I am sure you think you have it all
Under control yourself

You do not want any one telling you
The way to stay with Jesus
You work with Him

You're now grown up now You'll never let Him go As just the kind of thing We should know

Tell Jesus about it
Tell Him everything you feel
Give Him the reason to accept
That you are for real

Tell Him all your troubles Let Him know you need Him Let Him know how much He means

Let Jesus lead you through your LIFE

I Am

I am not a perfect person,
My hair doesn't stay in place,
I spill things a lot,
I seem pretty clumsy,
I sometimes fight,
Some days nothing seems to go right,
But when I think of you Lord,
And take a step back,
I remember how amazing my LIFE is,
I just start to see that maybe,
I would be better off imperfect,
As how else would I learn...
What you have through me Lord...

TO; Chet, CHUCK, DAD, MOM. & LARRY

Dear Chet, Chuck, Dad, Mom, & Larry

I thought of you all again today
As I always think of you all

I miss the talking

I find things have changed

In ways I sometimes don't understand

As I get up each day I expected to see you I know your not missing nor are you dead

I know your flot missing flot are you dead I know your still alive as I am always thinking of you as I know I will be with you all when my time comes

yes I know your in a better place waiting for me

Yes God has you all now

Yes all I can do is wait till we meat together again
As I do God's work

I find that some how your words still reach me
Yes I am filled with your presents once again
I do love and miss you all very much
As some day we will be together again
So till then I will be solace

And to remember you and think about you daily will have to do till we meat in Heaven once again

Oh Come Children of God

Come long expected children of God, Born to set your brothers and sisters free; our fears and sins have been released from us, Let us know our rest and peace is in God..

With the spiritual strength and consolation,
Hope and love to all people You are;
Our desire for every people,
The joy of every loving heart.

Born to God His people to be delivered, Born a child is born to be King, He is to set us free, to reign in our lives ever, How Your gracious kingdom will bring.

By Your own eternal Spirit heaven on earth,
The guide in all our hearts forever:
My life is complete and my heart is true,
Raise us to Your glorious throne. AMEN!!.

All passers by to Jesus come nearer to Him,
We utter the cry, AS gives His ear,
From earth He will retrieve you as He puts out His hand;
Now to receive you, He graciously stands.

If any one Believe in Him, Then happy we would be,
The vilest and worst can come unto Him,
You may drink of my Spirit, as I am the only one,
Your claim to my love, And take as your own.

Whomever receives His life-giving word, Believes in Jesus as their God and their Lord, In them a pure river Of life shall flow, As in the believer will Spring up to the skies.

Our God and our Lord just call us and we will obey, My heart soul is on Your word Of promise I will stay,

JESUS IS ALL AROUND US

Guess who just is all around us every day Our mild-eyed Lord that is always around He has not changed at all He's the same But friend's, I still think you are crazy

Yes Jesus is all around us

As your always asking if He is still around How He is and where He could be found Told you He was living around waiting On you to call on Him to come in your hearts

Yes Jesus is all around us

You know that Church that you used to visit a lot Every Sunday you would be in the front row, listening When I told of Jesus' live and how He wanted us to live You were the one who stepped up and got saved

Yes Jesus is all around us Spread His word around to all People of all Nations

You Fill My Heart With HOPE

I got up this morning, sun shining through the windows, I took a look into the mirror, I could see something in my heart.

You were there to see me wake, You did see me smile, So when I do I always feel like, All my days are worthwhile.

As I went into work today, kids running up and down the street, I looked at my plans for tomorrow, And praise you Lord for each and every day.

I got in my car to go home today, Turned on the radio and heard a song, it reminded of you Lord and Your love for us, and how wonderful it is that you're here.

As I went to church with my friends today,
I smiled as I wore a brave face,
As all I really want is to live for You Lord,
And to have You in my LIFE.

Lord you fill my hear with Hope and Love.

" I'm Calling on Jesus"

I need a sign to let me know you are here
All of these lines are being crossed across Heavens
I need to know that things are going to look up
'Cause I feel I am drowning in a dark sea spilled on me
When there is no place safe and no safe place to put my head
When you feel the world shake from the words that are said

I'm calling on Jesus, please I'm calling on Jesus, please

I won't give up if you don't give up
I need a sign to let me know you are here
'Because the LIFE around just keeps it all from being clear
I would like a reason for the way things are around me
I need a hand to help build up some kind of hope inside of me

When children have to play inside so they don't disappear
While private eyes pear on us while lies cause us not to talk for years
And world leaders are threatening to destroy the world
and losing sight of having dreams of Heaven
In a world that we want is only what we want until it's lost
Until we have nothing left to loss
Except our soul's

"Healing Hands"

Cold day in October long ago, When I was not so strong, The Lord Jesus came to me, He told me do not be afraid,

I did not run away from Him,
It seemed it was not a dream,
I could feel He knew me,
As He looked right through me,

It's not time for you to Come on home, He said with a smile there is still time for you, I am here to help you and Heal your cancer,

Your my brother and worker for all the People, It's time for you to continue our Fathers work, so I am here to see that you can carry on, I'm here to heal you,

I sang His praise all through the night, Played inside the hospital room, Never thought of leaven here,

I pray the healing last forever,
Winters over passed on to spring,
Tried to understand it all,
Bible says He heals those who need,
He has the Healing hands,

Oh It Really True

So many adventures we have gone on, So many songs we have played for Him. So many dreams singing from the blue Oh it's has come true.

I'll be forever young, as I live my LIFE I will always be forever young at heart. I do want to live forever young with Him, Oh it really has come true.

I'll be forever young with Jesus, I will always be forever young. I will really live forever young in my heart, Oh it really is completly true.

Brothers and Sisters

Let us do as Jesus commanded: Show the world that we are His disciples by, loving one another, loving our neighbors as ourselves, doing unto others as we want others to do unto us, forgiving those who have sinned against us, praying for, doing good for, and even loving our enemies, Next, let us unite in tearing down walls of misunderstanding, By building bridges to others in the Christian family. Then, let us join together with adherents of other beliefs, tearing down walls of fear and suspicion, By building bridges of love to all members of their belief, the human family until war is no more, and weapons of war have been recycled into, implements of agriculture, The whole human family will therefore be able to, blend our voices in the words of the great civil-rights leader, Dr. Martin Luther King, Jr., "Free at last, Free at last. Thank God almighty, we are free at last!" CU is not dangerous doctrine—a license to sin but the most literally, the truth of the Christian Faith!

Walking with Jesus

I love walking with Jesus,
His steps are like mine,
He does not say let hurry,
He always takes the time need,

I love walking with Jesus, As He shows me thing I need to see, He teaches me thing I need to know,

I love walking with Jesus,
Because most people are always hurrying,
As they never stop to see what he is showing them,

I love walking with Jesus,
I thank God for Jesus,
never in a rush,
He wants the best for me,

God Teaches His Children

We are traveling on His path,
Have the Laws that we can live by,
As we become ourselves,
As our past is something to say good bye to.

God teaches His children ,
Our father's hell did go by,
God will feed them with His words
God is the one we pick, the one will stay with.

Everybody ask us why, we told them, They would cry, So they look to God and sigh, now they know He loves them.

We are all of tender years,
We can't know the fears that our fathers went through,
So please help them with your faith,
Yes they seek the truth before their time comes.

Oh can we hear or do we really care, Oh can't we see they all must be free to, God will teach His children how to believe. How make a world we can live in together.

You Touched My Heart

The Love you gave to me, It lights me like the Angel rays, As the winds breeze across the heavens, As the trees sway forth in the breeze.

Answering questions within my heart, Unconfusing my humble mind, Yet you speak your words aloud, It seemes I am no longer blinded.

The answers all came flooding in,
As you touche my heart with your hand,
The knowledge that you give to me
Within my LIFE I shear to all.

I understand that the events in my LIFE That troubled me this far are nothing, As they are nothing to be frightened of, As you said, I am born unto you, Lord.

I thank you Lord very graciously, As I speak Your words aloud, I will shear the love You've given me, You have made me feel at peace.

As I now know why I am loved, Thank you Lord for all You have done.

"Hello It's Jesus"

I'm 6' 3" and 200lb man and He brought me to my knees, Yes it was Jesus

I wasn't the kind of man who would follow anyone,
I did follow Jesus

But when Jesus touched my heart and blessed me and I fell to my knees and I cried, I believe in and love Jesus

You can't see Him or touch Him, He's like a breeze that covers our land, Yes I know Him its Jesus

Strong enough to rule the heart of any person, Yes to Jesus

He'll lift you up and you'll see all around as He turns your life inside out, Yes that's Jesus

Most people are like me and they struggle day in and day out, with doubt, Cause by satin

Too busy with having fun and playing games to care about the love and care He can give them, or to listen to Jesus

When I see children with their mother I thank God our Father for our Brother,
Jesus

To My Wonderful Wife

A prayer for my brothers and sisters

Dear Lord I come as humbly as I am,
Asking you to give my brothers and sisters strength,
So that they will make it through their life.
I know the road ahead of them is going to be ruff,
give them faith in knowing that in you Lord they can trust,
in you Lord.

I know it's not easy for them and their going through so much, I ask that you give them guidance Lord and let them feel your Loving touch.

I can begin to see the pain they must feel about life, But when I look into my brothers and sisters eyes the hurt Is all to real.

So Lord I come to you as humbly as I am, Asking you to give my brothers and sisters strength to make it through the their life.

For life cannot be without God within
Every single thing in life has God within
For God is the life force of all things
For God teaches us to
See the Invisible, Believe the Incredible, and Receive the Impossible
So Apprehend the fact that God is in all Things even you and I
LIFE is Living In Faith Ever

"My Lord"

I've got sunshine in my LIFE today. When it's crowed outside I've got the love of Jesus.

I've got so much love the people see me happy. I have the greatest song the angels are singing from Heaven.

I do not need money, fortune or fame. Cause I have all the riches one man can claim.

I've got sunshine in my LIFE today As long as I am with my LORD.

This is why I feel this Happy As long as I can talk about my LORD.

My Children

I am the sea, I am the life, I am the beginning and the end, I know your pains, I know your sorrows, I know your joy I know your happiness, I am everywhere, Although you can't see or touch me, Although you don't realize it, Because I am part of all People everywhere, If you want me in your heart, I'm knocking at your door ask me in, For all People I am here.

A Cancer Survivor's Testimony

If you believe in the Word of God, You know that trials only make us strong, With Christ along anywhere you are in life, Is just where you belong,

Take the time to read the Book of Job,
As you will plainly see,
God never left Job, He'll never leave you,
He has always been here for me,

It's not what you are going through friend,
It's how you stand the test,
Just put your trust in the almighty God,
Just let Him do His best,

As I go through life with my made up mind,
As I know God has my back,
I'm not the one for a pity party,
As I pray to continue on the right track,

I am a living testimony,
So all the world to see,
And I want the whole wide world to know,
I beat cancer, cause cancer doesn't have me.

He travels with God's armor and lives in this ungodly land,
And His words of God come like the calling wind, setting men free,

My Time Has Come

My time is over here in this body
I am being called home as my work is done here
I hear my Lords voice calling me home
Although I know I will miss this old world
With all that I have seen and done
All the People I have met and talked to
My body can go on no more for it has reached it's time

An Ode To LIFE

- As I lay my head down and start to fall asleep I see myself being carried off to a place and time the place of our Lords birth in Bethlehem of Judea
- As in the Bible tells the story of His life and how he lived and died in that human seance and rose on the day He told of
- I do not remember being here but I remember the story I was taught so many years ago
- As I walk through the streets of Bethlehem I see each scene and hear every word as I am learning the story they telling is true
- The writer writes of a jealous King and his way of dealing with his people and of Mary and Joseph who came to Bethlehem to have a child
- The story tells of the three wise men who saw a star in the north and heard of a child who was born to be the King of the Jews and come to see and bring Him qifts
- An angel from the Heavens above came to Mary and Joseph in a dream and told them they had to leave Bethlehem or King Herod would have their son killed
- So they left Bethlehem and went to Egypt and there they lived until King Herod no longer ruled
- As I follow along in my dream I see each scene and hear every word as I am puzzled by the fact I understand each
- I don't understand why I'm going through this time but I know I must continue on this journey
- As I am pulling through a time where I reach the place of Jesus' in Nazareth of Galilee
- As I watched Him grow and work in His father's shop I could see the thing in Him that were with me
- As I walk along the streets and look around I hear the people talk of a child that speaks of wondrous love that's all forgiving and of a Father in Heaven that's loving and true.

Will We Know Him?

Will we know Him if He stood in front of us? If He walked by us on the street? Will we know Him? If we have a chance to meet Him in our lifetime? In that split second that we meet Him? Our eyes met for the first time? Will we know Him? Yes reading the moment we stood side by side? Our smiles are very clear Our heart jumps around Yes we do know Him? That look, and that feeling When we know we've found our home Yes we do know Him Yes we know what to say to Him As we walk away together Yes we know Him as He knows us His children We are finally together

US in JesUS

Before we were thought of or time had started, God put US in His Son's name..

And each time we pray, you'll see its true, You can't spell Jesus without including US. Were a pretty big part of His wonderful name, For US, He was born;

And His great love for US is the reason He died.
Isn't it thrilling and splendidly grand
He rose from the dead, with US in His plan?

The stones split away, the gold trumpet blew, egospelexpress And His resurrection was for US.

As JesUS left the earth with His wonderful ascension, When He felt there was one thing He just had to mention.

"Go into the world and tell them it's true that I love them all - Just like I love you."

So many people are Christian brothers and sisters, Don't all the others have a right to know JesUS too?

> It all depends on what we do, He'd like them all to know, But it all starts with US.

"I Do Believe"

The purpose of LIFE is to {Living In Faith Ever}
to enrich God within us
to an optimum level
so that We as Humans
can be guided by God
to fuel out brothers and sisters
with the same driving force
to connect with the living God,
to His existence and,
to See the Invisible,
Believe the Incredible, and,
to Receive the Impossible,
to our everlasting journey,
to Heaven.

I'm Going Home

Lord thank you for this life,
As I have lived a full life,
It was not always as I would have like,
But I lived it to the best of what I could,

I'm going home; Home to the place I want to be, I'm going home to Jesus where He waits for me,

I have been a long weary believer,
As I've been away to long,
I now know what I've been searching for,
As He's been there in me all along,

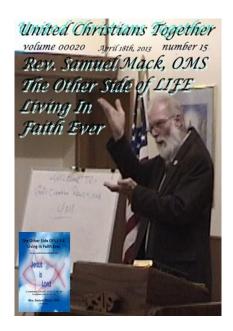

I'm going home; Home is the place I want to be, I'm going home to Jesus where He waits for me,

I have been and seen lots of places in life's journey, Now I yearn for familiar faces in familiar places, I hear familiar voices calling me to come home, I see familiar faces looking at me,

I'm going home; Home is the place I want to be, I'm going home to Jesus where He waits for me,

My time is near, the hour I know not,
I see Jesus' face across the Heaven's,
I hear His soft sweet voice calling me home,
I can't wait for my real life to begin,

I'm going home; Home is the place I want to be, I'm going home to Jesus where He waits for me.

Without His peace that passes all understanding, we stand in terrible places for the scripture also says "the peace of God shall guard your hearts and minds." Resting in Him, the peace of God stands as a sentinel against the wiles of the enemy and assault of the world. Then we can See the Invisible, Believe the Incredible, and Receive the Impossible, when we truly walk in His steps we can see the greatest of true LIFE and begin to See the Invisible, Believe the Incredible, and Receive the Impossible Then and only Then will we be true Spiritual Christians. Borrowing a familiar quote from the Bible "Also I heard the voice of the Lord saying, whom shall I send, and who will go for us? Then said, send me" Isaiah 6:8

"Christ's Way Was A Spiritual Journey"

Yes ours can also be a Spiritual Journey if We would just follow the teaching of the Bible, And we too will be in the Spiritual L.I.F.E. {Living In Faith Ever} And only then we will, begin to, See the Invisible, Believe the Incredible, and Receive the Impossible Then and only Then will we be true SPIRITUAL CHRISTIANS A Different Way To Be a true Spiritual Christian. The true Christian is an asker, seeker, and finder of the one true God, and is open to the true knowledge, of faith, love, and understanding, and is not fixated on the past but does trust totally in the "Living God." and only then will we begin to See the Invisible, Believe the Lovingly in Christ always, and Receive the Impossible as is God's will.
